## DEWEY/SEUSS CONFERENCE ROOMS

Located on the 5th floor of the museum away from the exhibit spaces, these rooms are ideally suited for corporate conferences that require private access. Large windows overlook a stunning view of the Fort Point Channel and Boston's Financial District skyline. The Dewey/Seuss rooms are A/V ready including a large pull down screen and a podium. Adjacent breakout rooms (A & B) are available to the Dewey/Seuss Conference rooms.

## THE COMMON

A large space on the 2nd floor, perfect for presentations, dinners and receptions. The Common has easy access for guests from the central staircase and main elevator and is adjacent to the exhibit spaces. A natural stage allows for presentations, performances or a dance floor.

## ATRIUM

With its 40 ft floor to ceiling windows looking on to the Charles River, The Atrium is the ideal space for receptions or seated dinners. This space has many interesting design features allowing for a variety of set ups. During the warmer months, The Atrium windows may be opened to allow for outdoor seating and access to the patio. If the patio is utilized then a tent must be obtained for an additional cost.

## ENTIRE MUSEUM

The museum's ambiance is eclectic, whimsical, and fun. The entire facility includes three floors of exhibit spaces. Guests may access all exhibits and, if desired, museum staff will be available in the spaces to help with the exhibit experience. The maximum capacity for events is 2,000 which allows for free flow and easy access to food stations and/or bars.
